

## Experimental Animal Center (EAC)

The Experimental Animal Center (EAC) is the structural unit of the University of Bern carrying the responsibility for *in-vivo* research. In its multispecies, decentralized animal facilities, the EAC aims at providing state of the art housing and veterinary care. The 3Rs (Reduce, Refine, Replace), the “culture of care” and compliance to guidelines and regulations are cornerstones of the EAC strategy.

We are seeking for April 1<sup>st</sup>, 2021 or by appointment an outstanding and very motivated person as a

# Laboratory Animal Veterinarian

## 100%
